iHigh will simultaneously broadcast two games at a time for the duration of the championships and will include 53 games at Buccaneer Stadium at Hoover High School. Schedule of games are TBD.

“We are very excited to be broadcasting this nationally touted event for our iHigh network and the rest of the country. The level of talent at this tournament is like no other and the ability to showcase that talent online is just another way to integrate high school sports into the internet world.” - *Kevin Sander, Regional Representative, iHigh.com*

“Bringing iHigh into this year’s championship is going to add a unique and special angle for our upcoming weekend. The fact about these tournaments is that 75% of these teams’ football players are unable to attend this event and the ability to give those players access to watch and support their team from home is a great way to include those players and their families who are not able to physically be with us. We feel that

iHigh.com provides an excellent service for high schools all around the country and are looking forward to iHigh being our web broadcasting partner for years to come.” – *Brandon Sheppard, Executive Director, National Select 7on7.*
